Parashat TZAV... The first half of Parashat Tzav describes many of the sacrifices that Israel offered in the Tabernacle. While we no

longer offer sacrifices, the religious and moral values that underlie these offerings are still an essential part of Judaism. The sacrifices were a concrete expression of one's gratitude to G-d, and a formal act of submission to the King of Kings. In the second half of the Parashah, the Torah describes the initiation ceremony for the priesthood.
