Parashat EMOR... presents a variety of laws that apply to the administration of the Tabernacle. One of the underlying principles behind many of these mitzvot is Kiddush/ Hillul Hashem - the sanctification/desecration of G-d's name. The Torah implies that human actions either magnify or dishonor G-d's name in the world. Because the priest is in a position of public influence, it is particularly important that he sanctify G-d's name through his actions.
