*Shmuel Beru, Israel's first Ethiopian Israeli film director, offers a powerful look at the culture of Ethiopian Jews in Israel in this independent drama from 2008. This appealingly low-key, sure and vital debut captures an authentically fresh angle on the generational/cultural divide separating tradition-minded fathers and their rapidly assimilating children.*

## SHEMINI ATZERET

שמיני עצרת

The concluding eighth day of Sukkot festival is not technically called Sukkot, but rather *Shemini Atzeret*. It is independent of Sukkot.

Although its purpose is to conclude the festival of Sukkot, it is commonly regarded as simply the final days of the Sukkot festival, Shemini Atzeret reflects none of the special observances related to Sukkot. The Sages described the reason for the eighth day in terms of the following parable, which is based on the other meaning of the term *Atzeret*:

*G-d is like a King who invites all his children to a feast to last for just so many days; when the time comes for them to depart, he says to them: "My children, I have a request to make of you. Stay yet another day; your departure is difficult for me."*

Like Sukkot, Shemini Atzeret is also referred to in the prayer book as *ziman simhateinu*, the "season of our rejoicing."
