Parashat **BERESHIT**... The opening chapters of Genesis are among the most popular passages in the entire Bible. More pages of commentary have been written about the two accounts of creation than about any other Biblical passages. Parashat Bereshit is crucial to the rest of the Bible because it deals with the Bible's attitude towards creation, the nature of man, and the existence of G-d.

SHEMINI ATZERET

שמיני עצרת

The concluding eighth day of Sukkot festival is not technically called Sukkot, but rather *Shemini Atzeret*. It is independent of Sukkot.

Although its purpose is to conclude the festival of Sukkot, it is commonly regarded as simply the final days of the Sukkot festival, Shemini Atzeret reflects none of the special observances related to Sukkot. The Sages described the reason for the eighth day in terms of the following parable, which is based on the other meaning of the term *Atzeret*:

G-d is like a King who invites all his children to a feast to last for just so many days; when the time comes for them to depart, he says to them: "My children, I have a request to make of you. Stay yet another day; your departure is difficult for me."

Like Sukkot, Shemini Atzeret is also referred to in the prayer book as *ziman simhateinu*, the "season of our rejoicing."
